## HISTORIC STRUCTURE SURVEY PRE 1935 RESIDENCES OR NON-RESIDENTIAL BUILDINGS

Often the Garden City Historical Society is contacted about the history of homes, commercial buildings and other structures in the Village. Although much is on file with the Village Building Department, the Society is in the process of updating and continuing work that was begun in the late 1970s to document the Village's older homes and buildings, and make the information available to the public on our website.

To include your home or non-residential building, please fill out this form. **Don't forget to attach photographs** (older /current). Include all items that you feel will be of interest as time goes by. There is no deadline; this is an ongoing project to preserve our community's history. If you have any questions, call Brian Pinnola at 456-0433.
